SUBJECT: Sunset Falls Trap Operation

We wish to take this opportunity to express our appreciation for the efforts put forth by Wildlife Dept. employees Darrell Mighre and Steve Dierker; specifically, for the extra care and dedication shown in the implementation of fish passage activities at the Sunset Falls fishtrap/fishway.

Their dedication to the task at this facility and the true spirit of cooperation exhibited to our members is, in our view, worthy of a superlative accolade.

Further, from our point of view, we'd like not only to express our appreciation - but also - add that it is a distinct pleasure to be associated with these obviously dedicated individuals.

Sincerely
John C. Eriksen, Pres
